

THE STATE OF MENTAL HEALTH IN TEXAS

ABILENE
September 26-28, 2024

THE TEXAS LYCEUM

A conference focused on mental health and wellness:

Texas Lyceum director and alumni are invited to gather in Abilene, the Storybook Capital of America, to hear from mental health experts and engage in meaningful dialogue on how to improve resources for their communities. Let's write our own story with an eye toward the future by converging on a vibrant West Texas city where the frontier spirit thrives.

The Texas Lyceum brings together diverse opinions and expertise on national and state issues to catalyze civil discourse among private sector, public sector and individual Texans.

The Lyceum seeks to identify and develop the next generation of top leadership in the state of Texas, educate directors by identifying and exploring the interrelationships of the major issues Texas faces, engage the state's key decision-makers in constructive civil discourse, and promote an appreciation of stewardship of the values, traditions, and resources of Texas.
